

**Nurturing Taste, Health,  
and Sustainability.**

## DISCOVER US

Bhoomi Agro Bio Foods is a top exporter of frozen foods, delivering high-quality products worldwide. We specialise in processing and supplying premium quality frozen vegetables, fruits, and fruit pulps. Using advanced freezing technology, we preserve natural flavours and nutrients.

Quality is key for us. Our team ensures every item meets global food safety standards. We're dedicated to sustainability, minimising waste and environmental impact across our supply chain.

From Food Service to HORECA, we offer prompt global delivery. Choose us for premium, delicious, and sustainable frozen foods. Join us in bringing the best to the world.

## OUR PASSION EMBODIED

We are passionately dedicated to understanding customer's preferences and providing them with frozen foods that not only promote health but also allow them to enjoy natural flavours.

## LEARN OUR MISSION

At Bhoomi Agro Bio Foods, our mission is simple: to revolutionize the frozen food industry and extend beyond mere business goals; it's about fostering a healthier planet and empowering communities. With every offering, we endeavour to inspire a world where taste, nutrition, and environmental sustainability coexist harmoniously.

## ENVISIONING OUR PATH

At Bhoomi Agro Bio Foods, we dream big! Our goal is to be the world's top sustainable frozen food supplier. We want everyone to know us for our top-notch quality, innovation, & environmental responsibility. We aim to keep growing, offering healthy foods to more people around the globe. And we promise to always serve up premium, safe, & scrumptious frozen products wherever you are!

## OUR ORIGIN

Inspired by the bountiful richness of encompassing nature and the desire to nourish communities, Bhoomi Agro Bio Foods began with a humble vision in Pune. Rooted in the ethos of sustainability and quality, our journey sprouted from the fertile soils of local farms. Now we have blossomed into a beacon of innovation and excellence in the frozen food industry.
